

Requirements for the Technical Recording content

REQUIREMENTS FOR TECHNICAL RECORDING CONTENT	OBLIGATORY FIELD					VOLUNTARY FIELD
	MACHINERY according to HG 119/05.02.2004 with its ulterior modifying and adding's			ELECTRIC EQUIPMENTS FOR LAW VOLTAGE according to HG 457/18.04.2003 with its ulterior modifying and adding's	PRODUCTS FOR CERTIND REQUIREMENTS CONSTRUCTIONS HG 622/21.04.2004 with its ulterior modifying and adding's doesn't anticipate in an express mode	
	Annex IV	Others	Parts off..			
1. DIRECT REQUIREMENTS FOR APPLICABLE REGULATORS						
a) Product at command (exclusive one)						
- product describing	D	D	D	D	D	D
- assembling drawings	D	D	D	D	A	D
- detailed drawings	D	D	D	D	A	D
- controll drawings forcircuits	D	D	D	D		D
- estimation notes (stability, materials resistance etc.)	A	A	A	D	D	D
-testing rezults (internal and external testing)	D	A	A	D	D	D
- testing rezults made on harmonized standard base	O	O	O	O	O	O
- testing rezults for. noise levell (measurements made in internal and/or external laboratories)	A	A	A	A	A	A
- list of:						
- essential requirements for security and health	D	D	D	D	D	NA
- standards and other references	A	A	A	D	D	D
- technical specifications (used in. designing)	A	A	A	D	A	D
- describing of solutions and reducing methods for risks	D	D	D	D	D	NA
- tehcnical report or certificate from a competitive body	D	O	O	A	A	D
- functional manual copy / technical book/ using instructions for product/s	D	D	D	D	D	D
- the drawing or the copy of identification plate (power, security instructions, etc.) / marking the product / label on the pacage	D	D	D	D	D	D

REQUIREMENTS FOR TECHNICAL RECORDING CONTENT	OBLIGATORY FIELD					VOLUNTARY FIELD	
	MACHINERY according to HG 119/05.02.2004 with its ulterior modifying and adding's			ELECTRIC EQUIPMENTS FOR LAW VOLTAGE according to HG 457/18.04.2003 with its ulterior modifying and adding's			MACHINERY according to HG 119/05.02.2004 with its ulterior modifying and adding's
	Annex IV	Others	Parts of..				
b) Product in series or in batches							
- intern measures taken for ensure maintaining in time the product conformity – surveillance procedures and control planning for manufacturing/production	D	D	D	D		D	
2. INDIRECT REQUIREMENTS FOR APPLICABLE REGULATORS							
- declaration of conformity for supplied materials	A	A	A	A		A	NA
- declaration of conformity for. equipments and components, as are:							
- electric components	A	A	A	A		NA	NA
- security components	A	A	A	A		NA	NA
- subassembly	A	A	A	A		NA	NA
- others	A	A	A	A		A	NA
- declaration of conformity, including legal Romanian language translation for products /from import.	D	D	D	D		D	NA

LEGENDĂ

- D** - Yes
A - If it's applicable
O - Optional
NA - Inapplicable
